To the Reader:

I am happy to present this publication of election results, which I believe will be more readable and useful than those preceding it because of the combination of primary and election results on the same page and introduction of new printing techniques.

In addition to the 1984 presidential primary, state primary and general election results, this book contains combined tables of enrollment, registration, and turnout for each community in the commonwealth.

In term of background, after the primary and election each community sends the Secretary of State's office an official report detailing how many votes were cast for each candidate for each office and every question on the ballot. This publication is then prepared from these reports.

Write-in votes and stickers are consolidated and listed under "all others". Only those candidates who won or made significant impact are listed by name.

I'm always looking for ways to improve how elections are conducted and in the manner results are reported in Massachusetts; including the format of this publication. I'd be happy to have any suggestions you may wish to offer, while hoping that this volume will be of easy use to you.

Sincerely,

A handwritten signature in cursive script that reads "Michael Joseph Connolly".
